

March 15, 2017

Dear Ms. Newell,

Please support HB 2739. It is so important for all of our health to stop the proliferation of GMO crops. Many nations in the world have made GMO crops illegal. We must not let the chemical corporations dictate what is healthy for us. Profit is their bottom line.

We are a chai manufacturer in Eugene and are Non GMO Project Certified.

Please distribute my comments to your committee members. Thank you.

Best Regards,

Stephan
