

Dear Honorable Misty Freeman;

To be brief, please support HB 2469, in an effort to relieve myself and other Oregonians of the potential threat of genetic contamination within our agricultural enterprises and healthful pursuits.

In conclusion, thank you for your consideration and service.

Despise riches, give alms to everyone that asks,
Stand up for the stupid and crazy,
Devote your income and labor to others...
And your very flesh shall be a great poem.”
