Testimony on SB 872

Before the Senate General Government and Accountability Committee

The Secretary of State appreciates the diligent work of Chair Riley and the Senate General Government and Accountability Committee to increase transparency, accountability, and IT security. We support moving SB 872 to the Joint Committee on Information Management and Technology and appreciate the opportunity to continue working with Chair Riley to address SB 872's remaining technical issues regarding the Secretary of State's IT independence and the State Archivist's authority over public records.
