Chair Helm and Committee Members

Subject HB 2705, 2706 and 2707

As a rural homeowner in Sprague River I am asking for you to vote against these bills. They are a waste of money and feel they are not in the best interest of those of us who have a well on our property. We have spent thousands of dollars having our wells dug, permitted and installed. We also pay out of our own pocket to maintain the well. These HB fees are outrageous and a burden on those of us struggling to survive as it is. Paying for more government studies of water use and the government regulation is not in the best interest of those of us living in these rural areas.

Thank You for taking the time to read this.
Your response to this letter would be greatly appreciated.

Carolyn Decker
Sprague River
