Dear Senators:

My name is Deborah Slocum and I am a resident of Longview Hills, a manufactured home community in Newport, Oregon.

I am opposed to everything about SB 880. The No. 1 issue for me is that it weakens our waiver rights. Our waiver rights protect us from punitive termination based on how we live and our own person aesthetics. It has nothing to do with deterioration of our home or safety issues but is solely determined at the whim of the landlord as set forth in Section 2 (4) of SB 880.

SB 880 is specifically designed to undermine the remedies cured in SB 277, so therefore, I am opposed to all of SB 880.

Sincerely,

Deborah Slocum
