Joint Ways and Means Subcommittee on Transportation and Economic Development  
900 Court Street NE, Hearing Room  
Salem, Oregon 97301

Dear Co-Chairs Johnson and Gomberg and Members of the Committee,

I would like to thank you for the opportunity to provide written testimony in support of the 2017-2019 Oregon Housing and Community Services Department budget request. My name is Diane Linn, and I serve as the Executive Director of Proud Ground. Proud Ground is a nonprofit organization dedicated to creating permanently affordable homeownership opportunities for working families, primarily in the Portland Metro area and Lincoln County.

As a key partner in delivering affordable homeownership services and support to several low to moderate income Oregonians, we know firsthand the importance of growing both resources to build new housing and OHCS capacity to get funding out of the door as quickly and responsibly as possible. The support we receive from OHCS staff over the life of a project is extremely vital to ensuring that projects are completed in a timely fashion. Even just one day that a family has to suffer through housing instability is one day too long. We ask that you support the staff that supports us in reducing the duration that families housing instability.

We would also like to voice our support of our new OHCS Director, Margaret Salazar. Director Salazar came into an agency that was in dire need of leadership and bold vision. She started delivering on day one. With the support of her leadership team and staff, she has already started the process of tackling some of the most longstanding issues identified in the most recent audit of the department. Not to mention, her steadfast leadership in addressing the funding gap caused by instability in the LIHTC market. We ask that you support Director Salazar with the resources she needs to keep the department moving forward.

In closing, OHCS is a vital part of what makes affordable housing work in Oregon. Safe and stable housing is a basic need for every Oregonian regardless of race, socioeconomic status, or lived experience. We ask that you approve a budget that provides the foundation for self-sufficiency and upward mobility – a safe place to call home.

Sincerely,

Diane Linn, Executive Director  
Proud Ground
