Subject: Testimony in Support of House Bills 2705, 2706, and 2707

I'm a native Oregonian. My father, John Mosser, was active in Oregon politics. He worked with Tom McCall to help take steps to clean up the Willamette River. I look back and wonder what Oregon would look like today if it weren't for a few people who had a long vision and knew how to get things done across party lines. Oregon still needs people like that, and legislation like this which will help continue to make our surface and ground water sources understood and well managed. I support House Bills 2705, 2706 and 2707. I can't speak for my father but I think he would support them also.

Sincerely,
Bill Mosser
