Dear Chair Helm and Members of the House Committee on Energy and Environment:

I am strongly opposed to HB 2705 and HB 2706. This will put added burden on my small, family farm. Please, if you truly support sustainable agriculture, if you truly support local food, if you truly support family farms over corporations, please vote against these harmful bills. Corporations can afford fees like this. I cannot. Please do not vote for HB 2705 and HB 2706.

Sincerely,  
Erika Norris
