### House Bill 2706: **Against**

House Bill 2706 would cause yet another burden on farmers, ranchers, agriculture, and water users in general. This bill amounts to yet another user fee and the enlargement of government on top of an over taxed and over regulated business environment in the State of Oregon.

Further more, the immediate preservation of the public peace, health and safety is highly questionable. The need for additional funding of an over-reaching government is not an emergency.

I am against House Bill 2706.
