House Bill 2707: **Against**

Funding ground water studies and investigations that would lead to more governmental control is not a priority. Oregon does not need an ever-expanding governmental structure that stifles free enterprise.

Further more, the immediate preservation of the public peace, health and safety is highly questionable. The need for additional funding of an over-reaching government is not an emergency.

I am against House Bill 2707.

Thank you,

Chuck Gasaway
