Sen. Arnie Roblan:

I am unable to attend the meeting. Please submit my comments on hearing date 3/22/17.

Re: SB 892 & SB 500

Our time is short on this earth. Be present for Oregonians and the earth we cherish.
SB 892 It is impossible to prevent drift when spraying toxic chemicals. Support SB 892 and get rid of secret use of chemicals.

Pass SB 500 and allow for fair reporting and time for investigation to happen around herbicide drift/direct misapplication.
