Ms. Patrino, I am writing to let you know that I am a supporter of HB 2269 and I believe that it is critical that we fund this bill in order to ensure that Oregon follows the paths of both Washington and California in their work to clean up the air for their citizens. Oregon is getting a reputation for allowing dirty air to pervade the State, especially in Multnomah County where industry has been allowed to pollute our air for years. . This is not something that we should continue to foster. Thank you, Cordelia Tilghman
