Subject: HB 2269

Dear Oregon Representative,

As a constituent I am writing to express my grave concern regarding the rapid demise of our planet! This administration is wreaking havoc on all fronts and **MUST BE STOPPED**.

Oregon's representatives **MUST** lead the way for this country to immediately transition to green energy (not gas), repair the damage we have done to our precious, life-sustaining eco-systems and **ENSURE CLEAN AIR AND WATER FOR ALL OREGONIANS...NOW!!!!!!!!!!**

I write to request your support of HB 2269 to fund the critical work of Cleaner Air Oregon. If the DEQ does not receive funding for this work, we know it will not happen, especially with the federal budget cuts we're facing. It makes no sense to go this far and not finish the job. Thank you for listening to the people not the profits!

Sincerely,

Kelly Brignell
