Subject: HB 2269

Please enter my comments to my legislator into the official record:

I'm writing to you to ask you to please support HB 2269. Cleaner Air Oregon needs this support in order to function to protect our environment. We have a terribly weak DEQ, and in a national environment hellbent on destroying our environment, we must not only adequately fund DEQ, but push it to set stricter rules. Thank you for prioritizing our environment over industry's profits.
