

This email is sent in support of SB 196.

I am, and have been, Part Time Faculty at Portland Community College for 17 years without benefits of any kind, other than a nominal hourly wage based on classroom time. Clearly I am not teaching for the money. It would be a sign of respect to be offered benefits, among which health care is the most important.

Please vote in favor of moving SB 196 forward in the approval process. Thank you.
