I can not improve upon this message, so I encourage you to follow these thoughts...

Oregon's rivers are important to me because...

I strongly support full funding for the Oregon Department of Fish and Wildlife's Water Quality/Quantity Program – POP 108

I strongly support funding for the instream flow positions, which are currently not in the Governor's Recommended Budget

I oppose any cuts to ODFW's Water Program. The program is already sorely unfunded and with increasing pressures on our state's water resources the work of the Water Program (POP 108) is more important than ever.
