Subject: Comment in Support of POP 108
Date: Tuesday, March 28, 2017 11:03:04 AM

Please support ODFW and fully fund POP 108. Our rivers are important to all Oregonians. We need good in stream data to understand the impacts of global warming on our fish stocks. The ODFW is currently underfunded -- POP108 will help close this underfunding gap.

Thank You,
Wayne Stewart
