Dear Sir or Madam:

Please accept these comments requesting a nay vote on SB828. This bill will absolutely cripple small business in Oregon. As an example, home health. If a service provider is scheduled to provide a service to a client and the client is suddenly admitted into a hospital, the business owner will have to pay the employee when the appointment is cancelled. This will require the business owner to insert a penalty clause into the service contract. This is but one example of the devastation this bill will cause. i urge you to not support this poorly conceived bill.

Yours,
