Oregon House Judiciary Committee
900 Court St., NE
Salem, OR 97301

Chair Barker and Committee Members:

I am writing concerning House Bill 2992, School Volunteer Criminal Background Checks.

The Oregon School Board Association's director indicated that it is extremely difficult to determine whether individual schools have a policy in place to do background checks for volunteers or not. By putting these background checks in law, parents, teachers and administrators would be assured of this child safety procedure.

Please vote Yes on this very important House Bill 2992 that would keep our children safe.

Respectfully,
