

STATEMENT IN SUPPORT OF **SB 828** and **HB 2193**

My favorite businesses in Oregon treat their employees like humans; it saddens me that some businesses feel that they can't compete without showing complete contempt for the people serving me; for their time & livelihoods.

I support fair scheduling regulation because it will support business people in making the right decision, secure in the knowledge that their competitors are not taking unfair advantage of workers & of the public benefits that subsidize under-employment.
