To Whom It May Concern,

I would like to take this opportunity to commend the Oregon Department of Justice Criminal Justice Division for their intelligence support during the 2016 Oregon International Air Show.

The intelligence support has been instrumental in ensuring that the Oregon International Airshow Executive Board and Law Enforcement were aware of possible terrorist and criminal threats provided in the very detailed and up-to-date threat assessment provided by the TITAN Fusion Center.

It is law enforcement organizations such as the Oregon Department of Justice, Criminal Justice Division that makes Oregon's public events, like the Oregon International Air Show, a very safe and secure event. Additionally with over 70,000 individuals in attendance during the run of the Air Show, the current domestic and international threats, it is imperative that the intelligence analysis and technological support provided by the Criminal Justice Division continue.

The TITAN Fusion Center serves a vital role in the State and in our communities. As the uncertainty of our political environment continues to grow, law enforcement now frequently turns to the TITAN Fusion Center for assistance to develop essential information on a wide range of topics, detailed threat assessments and technological support during large scale special events but, more importantly during critical incidents.

I write to urge your support in funding the DOJ and Titian Fusion Center.

Respectfully,

A handwritten signature in black ink, appearing to read 'H. Reimann', is written over a faint, larger version of the signature.

Henry Reimann  
Lieutenant  
Hillsboro Police Department
