

**Subject: Criminal Justice Division Letter**

To Whom It May Concern

On behalf of the Pendleton Round-Up Board of Directors, I would like to take this opportunity to thank the Oregon Department of Justice, Criminal Justice Division for their intelligence support during the 2016 Pendleton Round-up.

The intelligence support has been instrumental in ensuring the Pendleton Round-Up BOD and Security personnel were aware of possible terrorist and criminal threats provided in the detailed and up-to-date threat assessment provided by the TITAN Fusion Center, the continued over-watch during the time of the round-up and the offer for additional intelligence support as needed.

It is law enforcement organizations such as the Oregon Department of Justice, Criminal Justice Division that makes Oregon's very well known and public events, like the Pendleton Round-Up, a safe and secure rodeo. Additionally with over 100,000 individuals in attendance during the run of the Round-up, the current domestic and international threats, it is imperative that the intelligence support provided by the Criminal Justice Division continue and be as detailed as possible.

Sincerely,

Tim Bennett
