

Support of HB 3263
Dana Yanoch OTR/L
3/30/2017

Dear Oregon Legislators,

I am writing in support of HB 3263. I have been working in the school district as an Occupational therapist for 12 years. I have worked in a district with resources and I am now working in a district with limited resources and significant needs. I moved from having a caseload of 45 with a part time COTA for 4 days a week of service in Beaverton School District to working in Gresham Barlow School District with two days of Early Intervention and Early Childhood Special Education evaluations (with no paperwork time), one day of feeding evaluation and assessment for an entire district, and a caseload of 50+ students placed within the Functional Skills Program for the other 2 days a week. I would like to see guidelines enacted to regulate school-based OT workloads in Oregon.
