---

PLEASE send these bills forward. For whatever reason, in the last legislature, our right to vote on annexations was taken away and we want it back.

I might expect to lose my right to vote in communist Russia, but the United States is a democratic republic, or at least it used to be. Taking away our right to vote is against everything this country stands for.

There seems to be a false belief that by allowing unfettered annexation there will be more “affordable” housing. In fact, in the two years since our right to vote was taken away, housing prices have increased exponentially all over the state. The whole thing has backfired and here’s why:

Timothy 6:10 For the love of money is the root of all evil, which while some coveted after, they have erred from the faith.”

Do the right thing. vote yes for 258 and 114.
