Subject: SB 1573 backfired. Yes on SB 258 and SB 114
Date: Friday, March 31, 2017 2:40:15 PM

Hi,

Purportedly, the legislature took away our right to vote on annexations in order to create more "Affordable Housing." In fact, housing prices have INCREASED EXPONENTIALLY since 1573 went into effect.

Please vote in favor of moving SB258 and SB114 forward. Give the people back our right to vote, because we are the ones who care about affordable housing.
