To whom it may concern,

I would like a moment to express my support for the Fair Work Week Act. As a person who has worked in the restaurant industry for over 15 years I have had many chances to see how unfair scheduling practices can negatively impact employees. On call shifts are an example of one such practice. It is very difficult to secure child care, transportation etc, when you are not assured to have a shift, yet are expected to plan your day around the possibility of having to work. This practice can also lead to financial hardships for employees who are scheduled for on call shifts on a regular basis. I whole heartedly believe that fair work scheduling practices do equal healthy, happy Oregon families. For these reasons I urge a yes vote on Sb 828 and HB 2193.

Thank you for your time,
