Mr. Matt Doumit,

My name is Dr. Marissa Bunker. I am a chiropractor and my husband is an Anesthesiologist. I am very concerned with the growing trend of parent being reported to CPS with threats to have their children removed when they choose not to vaccinate. Choosing to decline vaccines does NOT constitute child abuse. Sadly, what should be obvious, must be put into law to stop the overreach of CPS and of the medical community. After years of in depth research we have chose what we feel is best for our children and we hope that Oregon will stand up for parental rights. Please support SB 687 which adds ONE SIMPLE LINE of text to the current law.

The summary: Provides that definition of "abuse" does not include refusal to vaccinate child or decision to delay vaccination of child.

Thank you for your time and consideration of this important matter.

Sincerely,  
Marissa Bunker, DC
