* A total of 15 enterprise zones may be so designated under current law, which provides in addition for one "electronic commerce city," where being engaged in electronic commerce is the only way that a business firm's new investment is eligible for the property tax abatement, as well as state business income/corporate excise tax credit.

† Determination or Director's Order (pre-2015-10-5), on file with the Oregon Business Development Department.

MEMO--formerly designated areas:
