Dear Chair Dembrow and Senate Committee members,

I oppose all of these bills - SB 432, 602, 608, 612 and 618.

Oregon is attractive because of its visionary land use laws.
These laws must be preserved at the State level, not parceled out to individual Counties for a patchwork of policies.

These proposed bills serve the interests of a few over those of the majority.
Please say no to them.

Respectfully,

Dennis McGregor
