##### **EFFECT OF AMENDMENT:**

-2 Allows Housing and Community Services Department to reduce or refuse assistance from Wildfire Damage Housing Relief Account if the household has received insurance proceeds or other compensation for all or part of the loss of housing.

##### **BACKGROUND:**

The Wildfire Damage Housing Relief Account Program was established by legislation in 2015. This program assists lower income households that suffer a loss of housing due to wildfire. Households accessing the funds must have an annual income at or less than 75 percent of the federal poverty level and the home must be the household's primary residence. If approved, households may receive a maximum of \$5,000 in grants to repair or replace damage caused by a wildfire.

House Bill 2742 changes the household income limitation for receipt of financial assistance from the Wildfire Damage Housing Relief Account to 200 percent of the federal poverty guidelines. The measure also increases the maximum amount of grant money issued to a household from the account to \$7,000.
