**BACKGROUND:**

Current Oregon law requires law enforcement and the Department of Human Services (DHS) to notify school administrators when child abuse investigations occur on public school premises. Senate Bill 101-A provides that their investigators are not required to disclose information about the investigation to school personnel and prohibits school personnel from disclosing information about a pending investigation. Senate Bill 101-A applies these requirements, as well as the remaining amendments in the bill, to both private and public schools.
