Salem, Oregon 97301

RE: ODF Wildfire Detection Cameras

Dear Co-Chair Frederick and Co-Chair Witt,

As a follow-up to the question during Oregon Department of Forestry's presentation on April 3 regarding wildfire detection cameras, please find the attached map of the current and planned camera network.

This program has been operational since 2006, starting with two cameras; we now have 35 cameras in operation. We continue to expand this program and in the short term have an additional 14 cameras currently in the planning stages. As highlighted in our testimony, long-term planning continues the expansion of this program across eastern Oregon.

Feel free to contact me directly if you have any questions.

Sincerely,

Peter Daugherty
Oregon State Forester
(503) 945-7211
