Measure Description:

Changes calculated share of annual energy resource supplier assessment below which energy resource supplier is exempt from payment of assessment from \$250 to \$2,500.

Government Unit(s) Affected:

Department of Energy

Analysis:

HB 2764 raises the level at which energy resource suppliers are exempt from paying the energy resources supplier assessment, from \$250 to \$2,500. The bill is anticipated to have a minimal impact on the Oregon Department of Energy. However, the Legislative Fiscal Office notes that the energy supplier assessment is a significant source of revenue for the Oregon Department of Energy and while the proposed changes in the bill do not affect the total amount of the assessment, they will alter the allocation of the energy supplier assessment among payers.
