REENTRY PROGRAMS IN WASHINGTON AND LINN COUNTIES

Quasi-Experimental Evaluation of Outcomes

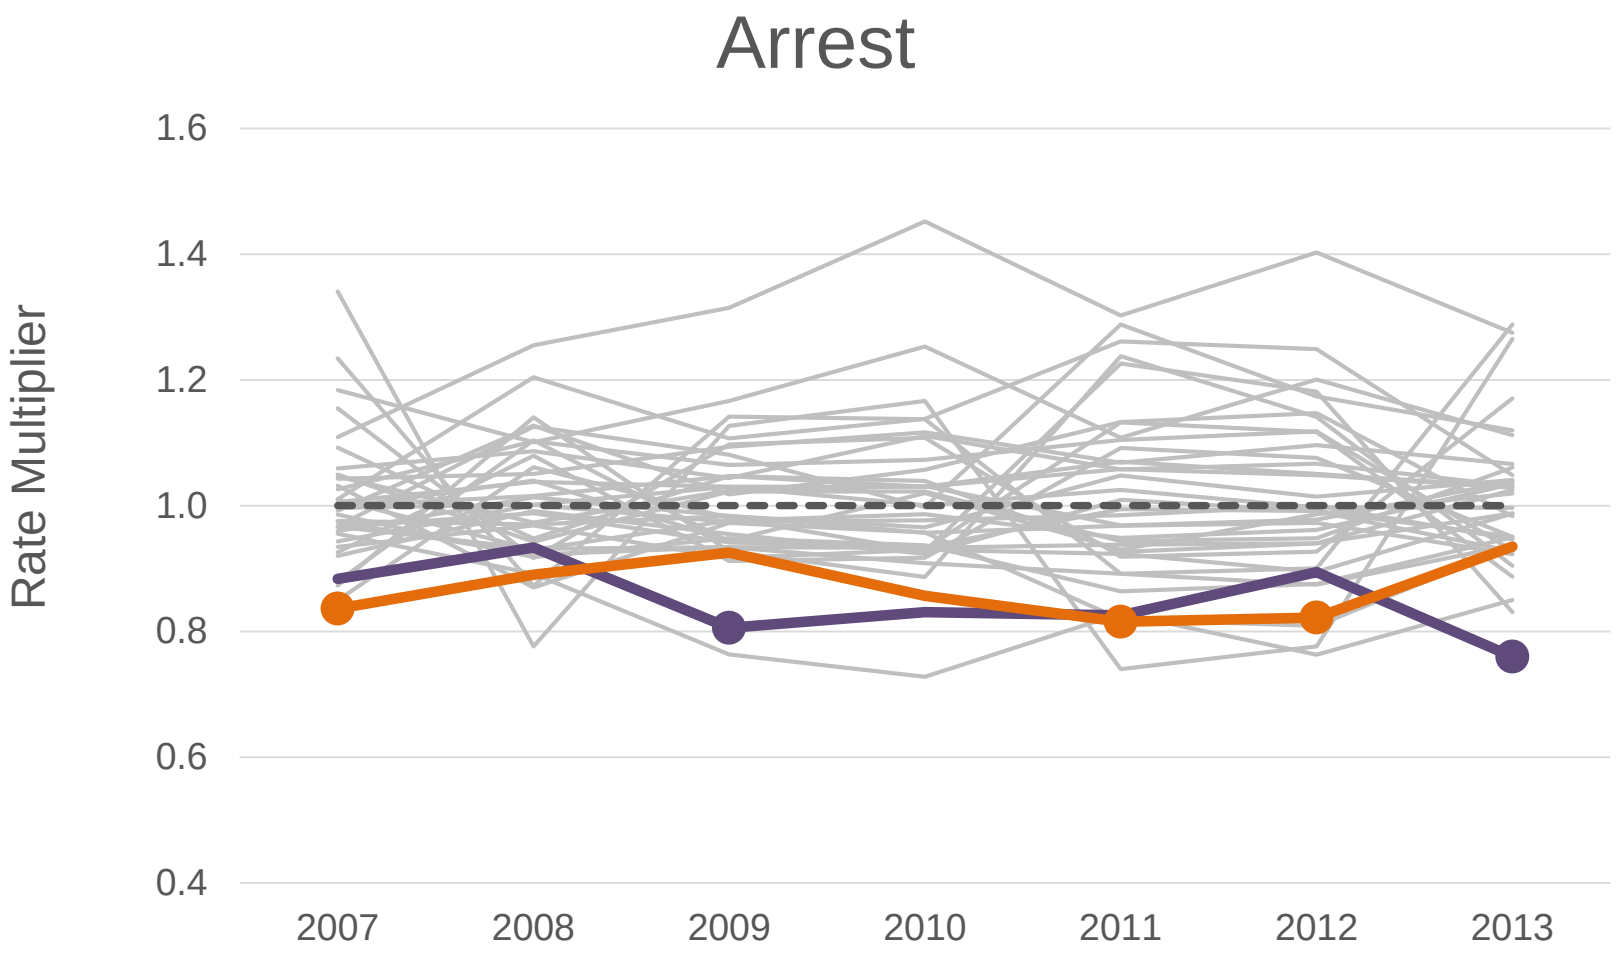
Oregon Social Learning Center Scientists
in collaboration with Staff from
Washington County, Oregon, Linn County, Oregon,
and the Oregon Criminal Justice Commission

Funded by a Justice Reinvestment Initiative 3% Evaluation Award

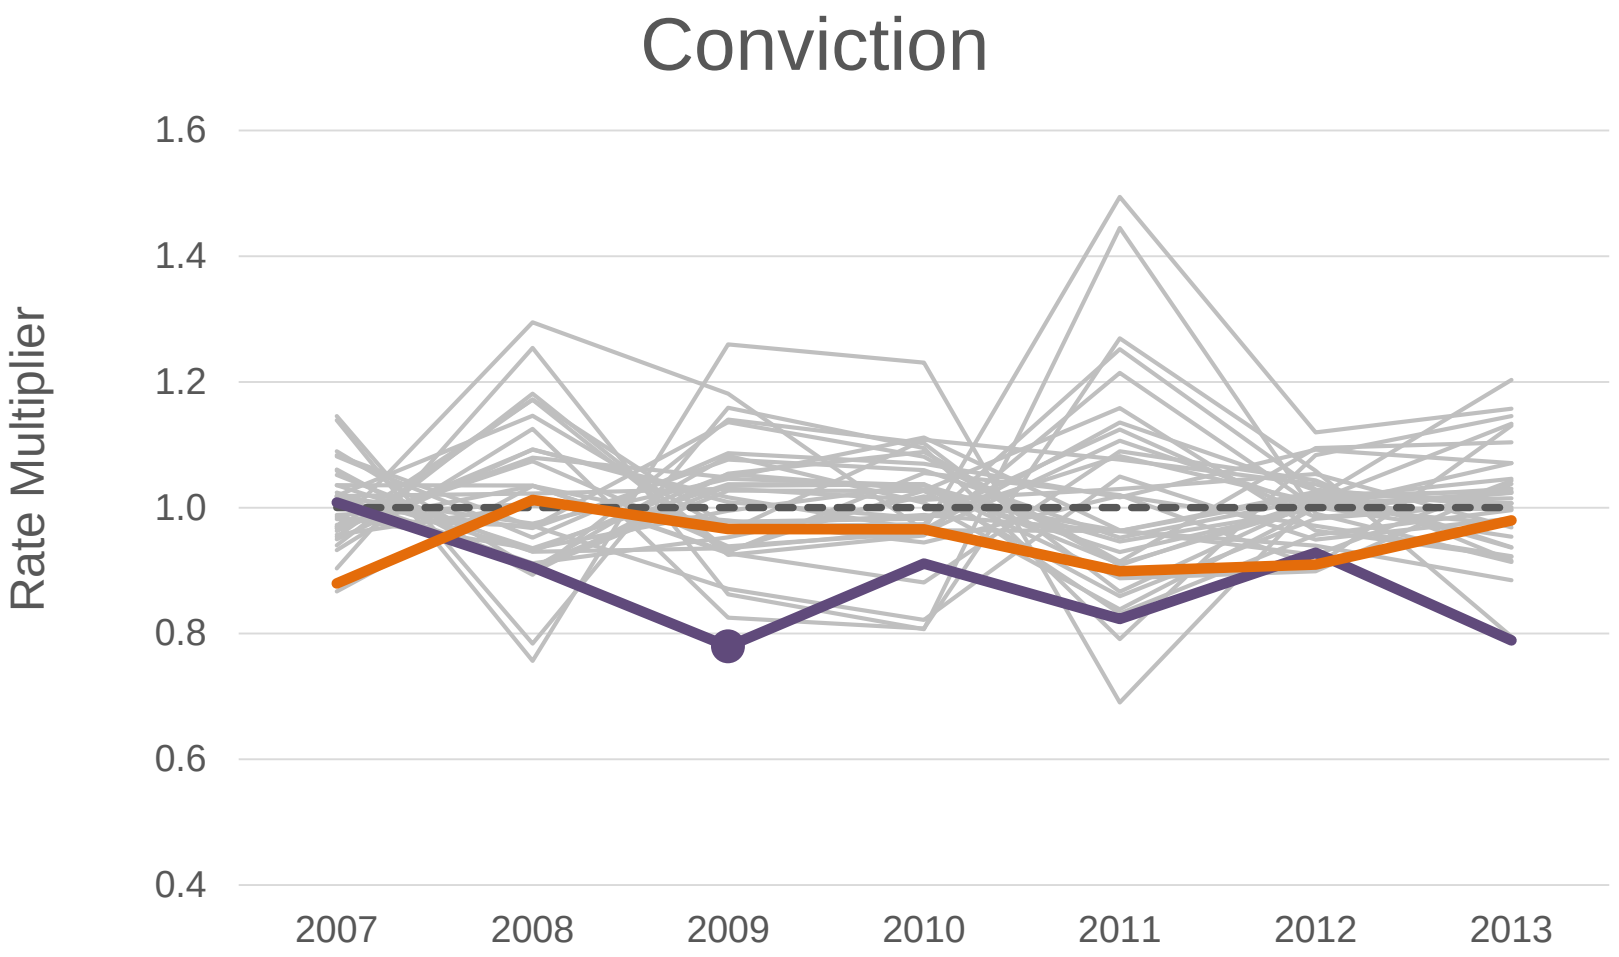
Reentry Programs

- Facilitate prison release & community re-integration
- Components:
  1. In-person meeting prior to release (reach-in)
  2. Needs assessment & post-release case plan
  3. Range of post-prison supportive services
- Washington & Linn have offered since 2007
- Criminal Justice Commission identified Reentry Programs as promising
- Oregon Social Learning Center team evaluated the Washington & Linn County Reentry programs

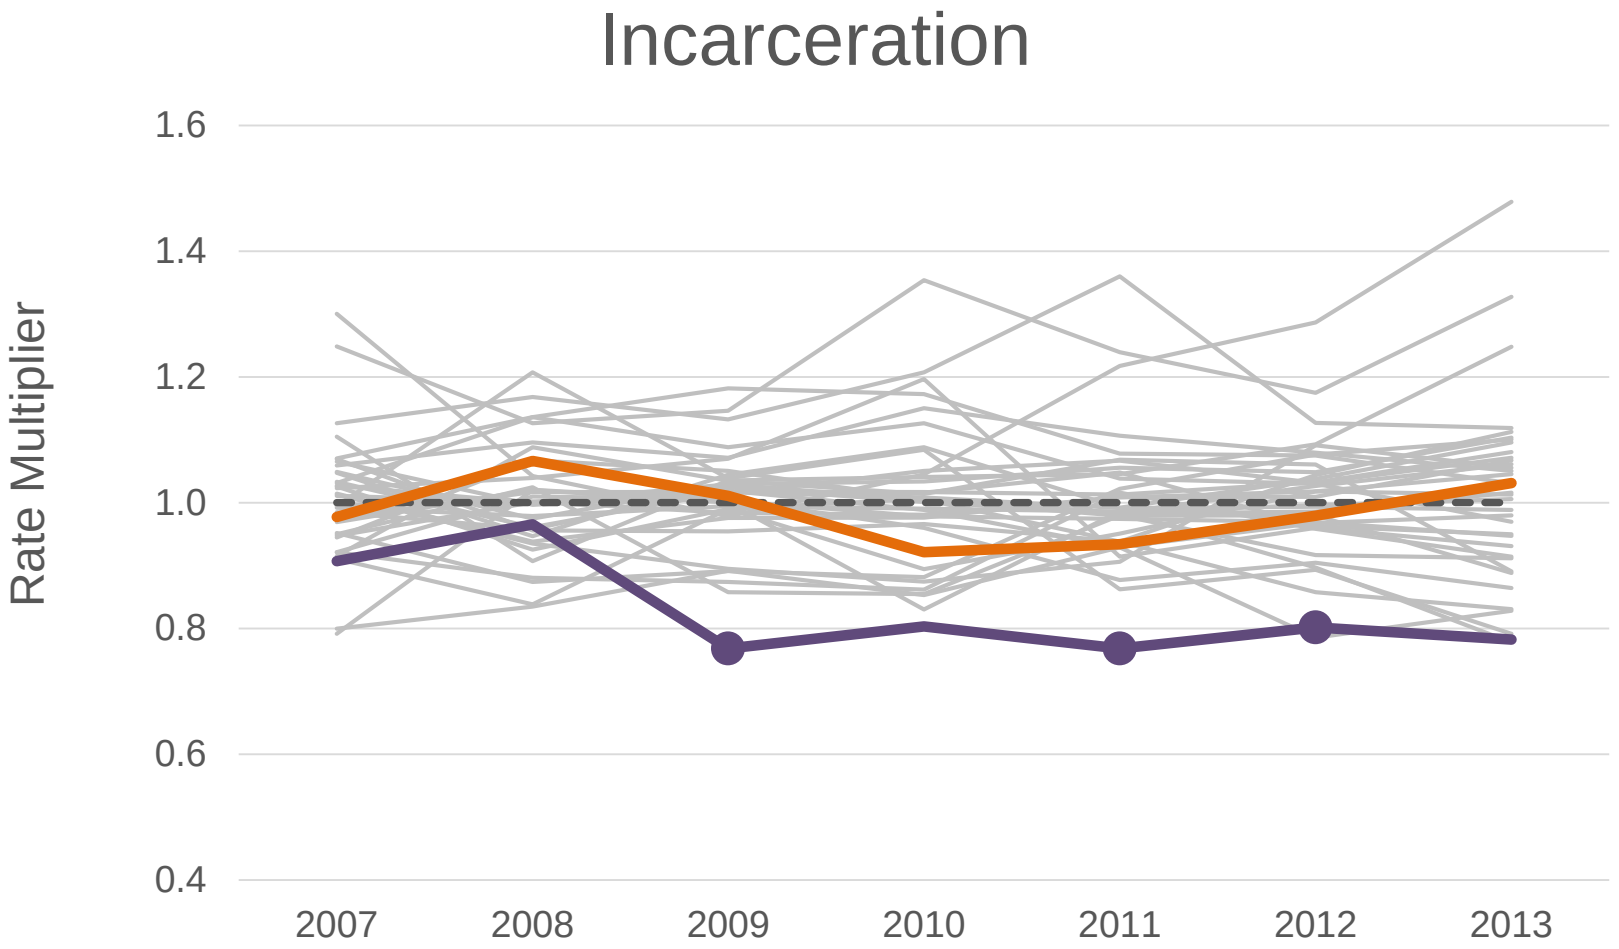
1. Improvement for Linn & Washington



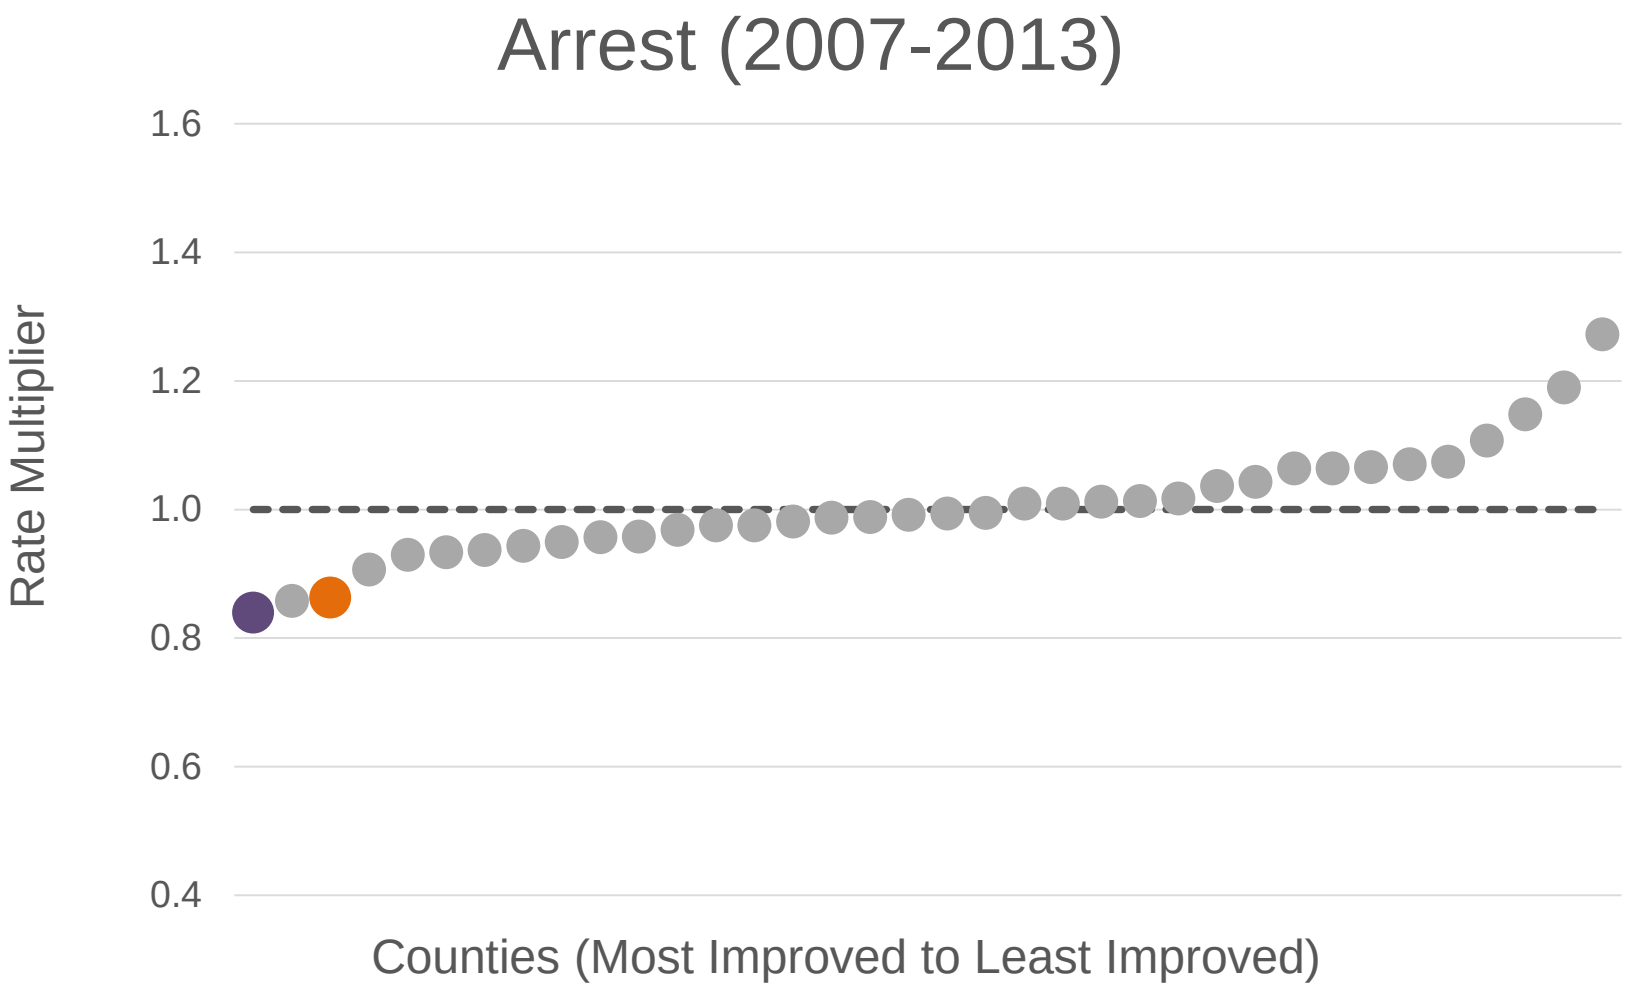
1. Improvement for Linn & Washington



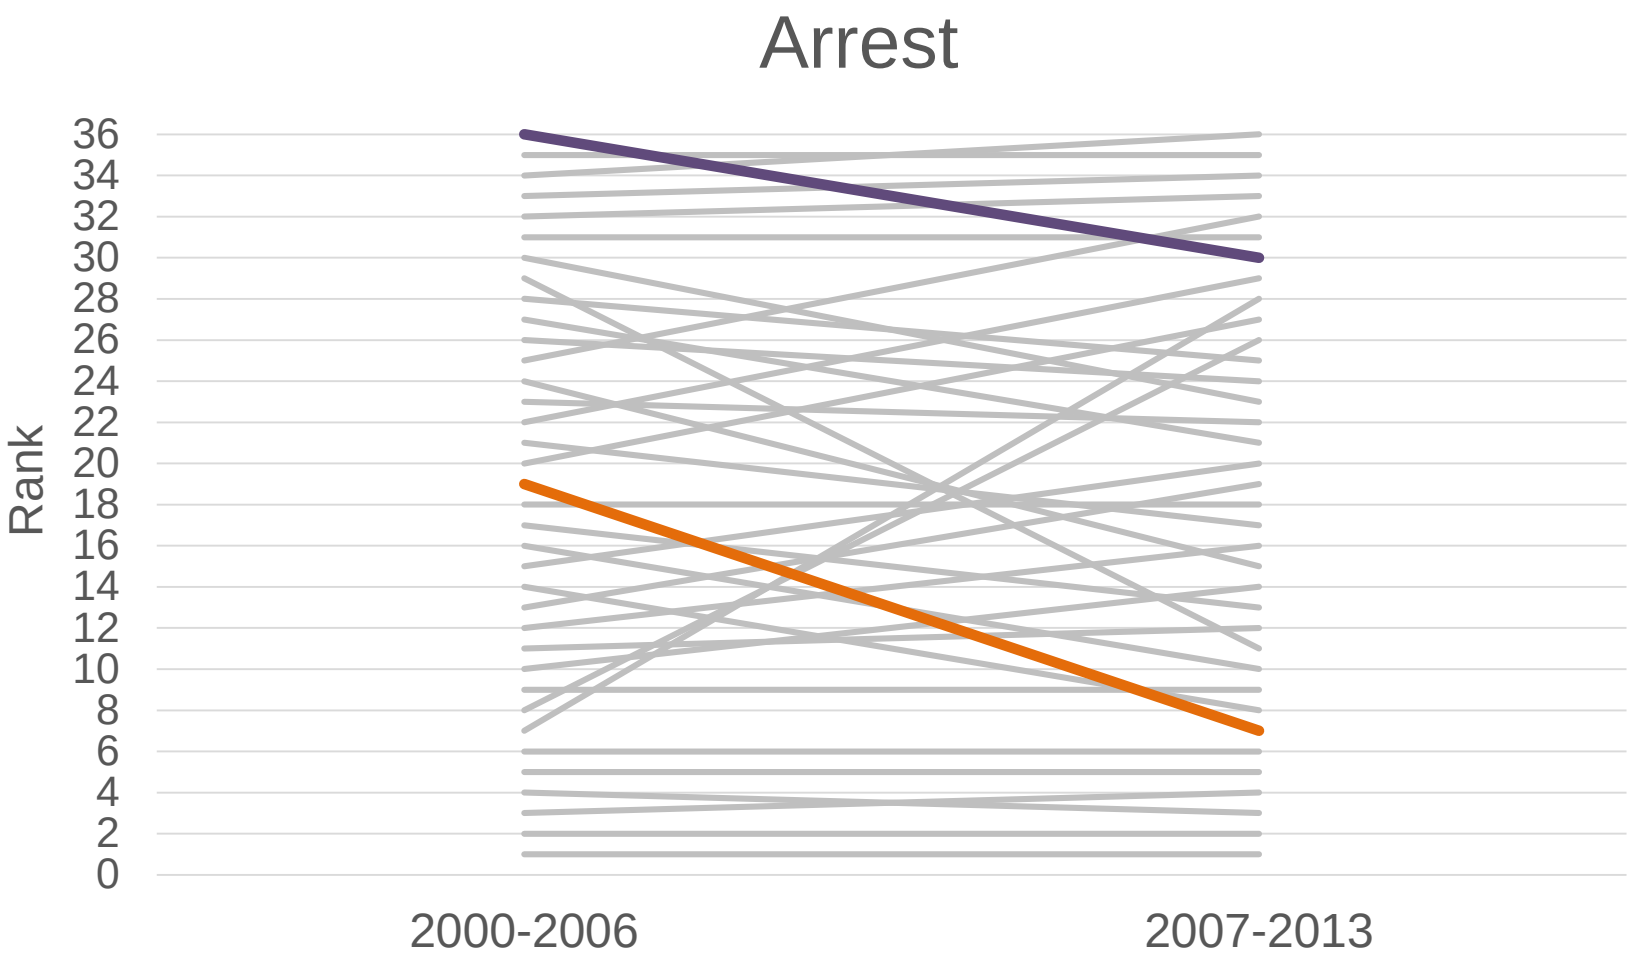
1. Improvement for Linn & Washington



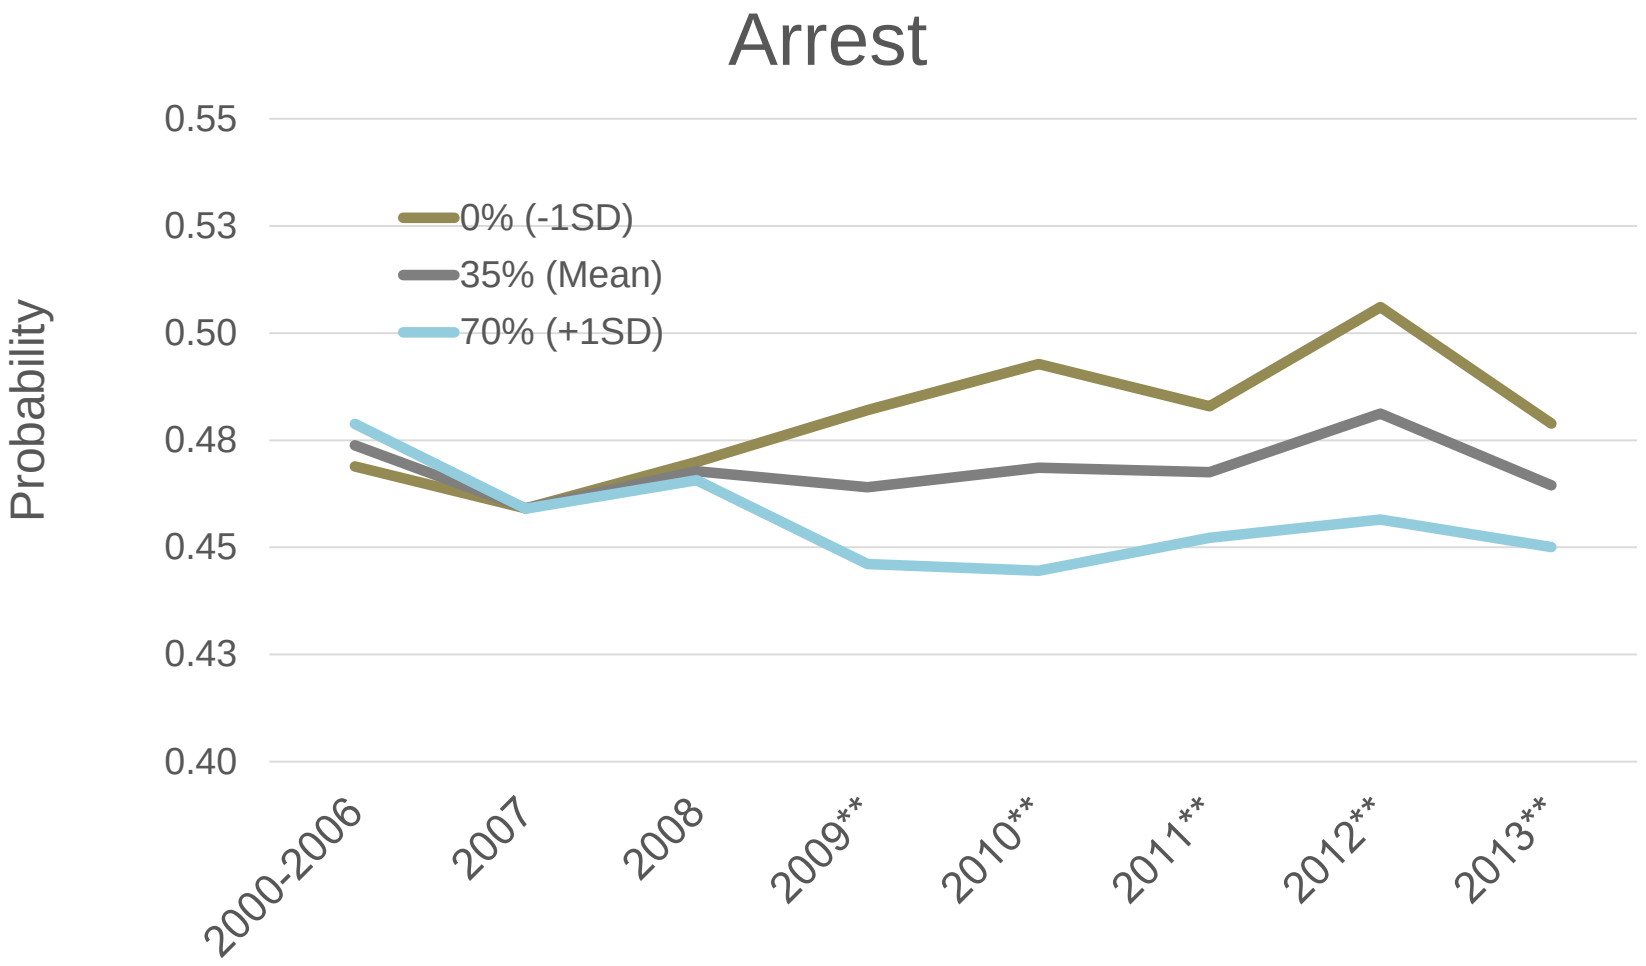
1. Improvement for Linn & Washington



2. Recidivism Rates



3. Recidivism by Use of Reach-Ins



Our Conclusions & Recommendations

- There is consistent evidence from multiple sources indicating Reentry Programs in Oregon are beneficial
- Reentry Programs as currently delivered in Washington and Linn Counties have quasi-experimental support for continuing

- Additional efforts to pursue:
  - Standardize program elements and monitor fidelity
  - Identify the key components generating improvements
  - Identify ways to improve outcomes
