

This bill is a buzzword, boogeyman bill. Poorly defined, poorly written. I see no definition of militia except a group of people with guns. This could include shooting clubs, deer camps. Skeet clubs. The common denominators are guns, and people. Punishable with five years in prison and a \$ 125,000 fine.

Really don't you people have better things to do with your time ? I see no PERS reforms, no ideas to solve the state debt, no ideas to fix the schools and graduation rates. No programs to educate and put to work kids who don't go to college. The employers are paying to train welders, ironworkers and tradesmen of all skills. And you sit in Salem, worried about a bird refuge takeover 40 miles from nowhere. I see nothing in any Bills you put forward about the Portland riots.

Vote no on SB897 it solves nothing, it accomplishes nothing and it doesn't even define what "militia terrorism" is.
