Subject: Senate Bill 557 (SB 557)
Date: Monday, April 10, 2017 8:29:44 PM

Support Senate Bill 557. It puts a price on pollution from carbon and other greenhouse gas emitted from burning fossil fuels. We have the responsibility to protect future generations and it possible by supporting the bill that will increase the use of clean energy sources like solar and wind, along with improvements on energy use and conservation.
in doing so, we can invest in jobs, help the disadvantaged, and foster a better world and more robust economy for everyone.
