Subject: Citizen comment on House Bill 2682
Date: Tuesday, April 11, 2017 12:22:54 PM

Greetings,

My name is Emee Pumarega, I live in Portland, and I believe it is important for the Portland Bureau of Transportation to be able to set their own speed limits without ODOT interference because it will increase safety and decrease fatalities. Speed limits are set too high for the density and walkability of neighborhoods, especially in East Portland where I live. In 2016 we had a record high number of traffic fatalities, many of which could have been avoided if PBOT had been able to set reasonable speed limits.

Thank you for your time and for caring about the safety and lives of Portlanders and Oregonians.

Emee Pumarega
