**Date:** Tuesday, April 11, 2017 10:39:38 AM

---

Legislators:

I support House Bill 2682. This would allow the City of Portland to lower speeds on residential streets, leading to increased safety and reduced crashes, and would be a welcome adjunct to Portland's Vision Zero effort. While city authority for lowering speed limits on arterial highways would also help that effort, this bill is useful as it stands.

Thank you
