

For Every Kid Coalition supports House Bill 3230
April 12, 2017

Every kid deserves a chance at a healthy future, that's why **I support safe routes to school in every school district in Oregon.**

When it is safe to walk, bicycle, and take public transit to neighborhood schools, our children are healthier, our streets are safer for everyone, and our communities thrive. Safe routes to school create healthier kids who are ready to learn; kids equipped with **crucial safety education; and safe neighborhood streets for all residents.** In the coming months, you have an opportunity to support dedicated funding for Safe Routes to School that could make the lives of Oregon kids, elders, and everyone healthier and safer. **I urge you to join us in supporting dedicated funding for safe routes to school in every school district in Oregon.**
