#### **ISSUES DISCUSSED:**

##### **EFFECT OF AMENDMENT:**

-1 Clarifies grant must be awarded within six months of date on which the member completed initial active duty training, as evidenced by an official form issued by the U.S. Department of Defense.

##### **BACKGROUND:**

The Oregon National Guard consists of the Oregon Army National Guard and Oregon Air National Guard, and is charged with supporting the Oregon Governor during unrest or natural disaster. It is also a reserve force to the United States Air Force and United States Army.

Initial active duty training typically takes Oregon National Guard members between 3.5 to 12 months to complete, and military regulation requires completion within 24 months. While some soldiers are recruited in high school and attend the first phase of basic training between their junior and senior year, many individuals' active duty training schedules prevent them from being able to attend community college within six months of graduation, making them ineligible for the Oregon Promise grant program.
