Subject: Testimony on HB 5542, OWRD Budget
Date: Wednesday, April 12, 2017 9:23:23 AM

Hello,

I'm writing to voice my support Package 101 and 105 in HB 5422, and to ask the subcommittee not to cut funding for groundwater studies, observation wells, and gauging stations. As a former fishing guide and lifelong angler, boater, and hunter--as well as a father to three young Oregonians--I urge the Joint Ways and Means Subcommittee to consider the longterm affects of its decisions for the resources that make Oregon a great place to live.

John
