Dear Rep. Greenlick:

I am writing to you in support of HB 2392, access to sound for children who are deaf/hard of hearing. Current insurance requirements leave children without adequate services and devices to help them succeed in school and life. HB 2392 will provide children with timely access to pediatric audiologists and assistive listening devices to aid with hearing.

As a member of the House Health Care Committee, will you push to have this bill scheduled for a work session?

Thank you

Lisa Heydemann
