BACKGROUND:

In 2015, the Legislative Assembly enacted Senate Bill 968 (2015) preempting all local government authority to set requirements relating to work schedules before the date that the Legislative Assembly adjourns *sine die* the 2017 session. It created an exemption that allowed local governments to set such work schedule requirements for public employers and public contractors and subcontractors.

Senate Bill 329 extends state preemption of local governmental authority to regulate work schedule requirements.
