**If this government required me to surrender any property under Senate Bill 868,** I will demand just compensation for the denial of that property and the substitution of private protective services. It will not be enough just to punish a *"false application for order, by maximum of one year's*

*imprisonment, \$6,250 fine, or both."* **It will be the State who is the offending party and punishment of false petitioner will not make me whole.**
