

Dear Members of the Senate Judiciary Committee:

I urge you to recommend this bill for passage.

I am a gun owner, and I have a family member who survived the Umpqua Community College shooting.

This bill will not infringe on anyone's right to legally purchase a firearm. It may prevent future tragedies by closing the Charleston, boyfriend, and stalker loopholes and by notifying law enforcement when someone tries to purchase a firearm when they are prohibited from doing so.

Thank you,

Suzanne Porter
Salem, OR
