ISSUES DISCUSSED:

EFFECT OF AMENDMENT:

No amendment.

BACKGROUND:

Oregon’s 16 coordinated care organizations (CCOs) are organizations governed by health care providers, community members and organizations responsible for the financial risks that offer patient-centered health care delivery. CCOs are responsible for the integration and coordination of physical, mental, behavioral, and dental care services for 90 percent of Medicaid beneficiaries enrolled in the Oregon Health Plan (OHP). All 16 CCOs operate within a global budget, which grows at a fixed rate, achieve performance goals, and are held accountable for the Triple Aim. The Triple Aim seeks to improve the individual experience of care, improve the health of populations, and reduce the per-capita costs of care for populations.

Senate Bill 858 requires OHA to evaluate Oregon’s Medicaid delivery system.
