Honorable Judiciary Committee

Subject: SB 868 Vote NO

My family and I want you to vote NO on this crazy bill.

There is no checks and balances for the person accused . It is all after the fact.

A dangerous weapon is not defined at all. Then this bill is a high risk to all.

And in that case a dangerous weapon.

How would one get back the property taken from them?

A complete list of all property taken , and brought back in the shape it was seized in.

If not, full new market value and any other replacement fees or costs to be paid by the seizing agency and the state. And a waiver on all paperwork and time limits to be also paid by the seizing agency and the state.

In this age of sanctuary cities and states all law abiding citizens are at very high risk.

If cities and states violate federal law at their whim. And the state can't even get their own agencies to follow state law. Why something as terrible as this bill ?

We don't need more control on the law abiding, we need to enforce the laws we have.

And a DUI can start all this according to this bill? NO this bill must be stopped.

Please join us in voting NO on this bill

Respectfully

Ritch Hanneman and family
