---

Dear Senators,

I am writing in support of the bill SB 797. We desperately need to take measures to address the gun violence issue in our communities. This bill will help close loop holes that allow guns to get into the hands of domestic abusers and others who should not have guns. It will alert police helping them to do their jobs. This bill retains the freedom of guns to responsible owners and the freedom of others to feel safe in a community where those who shouldn't have guns are prevented from having them.

Please vote yes on SB 797,

Most Sincerely,

Jill DeSantis
