

To Senate Judiciary Members

I strongly object to any piecemeal actions to SB 719 to backdoor the anti 2nd Amendment rights that are contained in SB 868.

What better demonstration does one need on how to mess up with someones Constitutional rights via procedural errors than with what happened at your hearing on Monday the 17th concerning 838, 764, and 797, all of which I oppose.

If only that was a single example on how our Constitutional Rights are being violated. Unfortunately the record of interference is rife with missteps.

No to a gut and stuff into SB 719

Sincerely,

Sally Klein
