To Senate Judiciary Committee members who are attempting to attack the 2nd Amendment of our Constitution.

In regards to SB's 764, 797 and 868, I want you to throw out these bills today.

NO, NO, and NO.

You are infringing on my Constitutional rights and attempting an incremental attack on the ownership of firearms in Oregon. We do not want to be subjugated to your erroneous viewpoints about how to control gun ownership, nor are we going to tolerate your adding exorbitant costs to our rights and Constitutional Freedoms. I strongly object to my having to pay to exercise my Rights and want to see Constitutional carry for Oregon, as it should be.

I get that you don't like guns. Can't for the life of me get why you think you have the mandate to take my rights away. You do not.

So many of your attempts have been confusing, confounding, ineffective and anti-American.

Stop funding an agenda with outside monies to rob us of our God given rights. Stop taking a genre of people who just so happen to have lower crime rates than even our LEO's and demonizing them. Guns are not the problem, criminals are. Your inability to address that problem with any effectiveness is the true issue.

Delays, outrageous costs, adding layers and layers of regulations that do little other than infringe on the law abiding firearm owner is not your job.

We are tired of your attacks and especially your lack of understanding of your Oath to the State and our Country.

No to any infringement on my Rights,

Sally Klein

I would rather be exposed to the *inconveniences* attending too much liberty than those attending too small a degree of it. Thomas Jefferson, letter to Archibald Stewart, Dec 23, 1791

"Since the general civilization of mankind, I believe there are more instances of the abridgment

of freedom of the people by gradual and silent encroachment of those in power than by violent and sudden usurpations.” James Madison - 1788
